# FIXING THE SCAR

Tech Ridge, in cooperation with the City of St. George, is working to repair the “Eyebrow Scar” on the hillside

We understand that the hillside cannot be fully restored to its original form. However, we remain committed to blending basalt back into the slope to help mask the exposed red earth.

The Eyebrow Scar will be repaired within the next few months. The larger scar will take additional years to plan, design, and fund.

We love and support this beautiful community.
